## REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The specific limitation of ". . . wherein said guiding member comprises first and second side guiders slidably mounted to each other in a side-by-side manner such that said second side guider is adapted to sidewardly slide with respect to said first side guider for fitting a width of said optical lens . ." is not anticipated or made obvious over the prior art of record in the examiner's opinion. For example both 4,060,333 to White and 4,005,945 to Gutman disclose drill guiders having an upper guiding member and lower base member spaced in overlapping relation to each other and having a retaining device connecting the guide member and base to secure the work therebetween. These references do not however disclose first and second side guiders as recited in the claim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jamila O. Williams whose telephone number is 571-272-4431. The examiner can normally be reached on Mon-Fri 6:30am-3:00pm.
